

It was a great day at the 4th of July parade walk in Cumberland, thanks so much to all that participated. See the picture below of our group. I think it was clear that we made an undeniable connection with many of the 1000's of people on the parade route. So many people clapping and touched at the presence of our Crucifix, the patriotic music, and our men interacting with the crowds. I think our mission of sharing a direct reminder of faith in the midst of this culture was accomplished. God willing, some of those on the curb might be prompted by the Holy Spirit to go back to church, maybe open their hearts a bit, or contact MOSJ for some information. Safe to say that we prompted at least a few souls with the simple act of a 40 minute walk!

We doubled our participants this year from last year and hope to make it an even better showing next year. locally. We absolutely need to reach out to this culture being so effectively poisoned by the other side.
